

Part (1). APPLICANT'S GENERAL INFORMATION					
A) Company (the Plant if different from the Company)					
Name:					
Address:					
Village:	State:	Zip Code:			
Contact Numbers:					
Source name and mailing address if different from Part (1) A).				
Name:					
Address:					
Village:	State:	Zip Code:			
B) Owner and Owner's Agent					
Owner:					
Address:					
Village:	State:	Zip Code:			
Owner's Agent:					
Address:					
Village:	State:	Zip Code:			
Physical location of Stationary Source (describe location if no physical address):					

STATIONARY MINOR SOURCE PERMIT APPLICATION					
Part (1) Continued. APPLICANT'S GENERAL INFORMATION					
C) Plant Site Manager / Other Appropriate Contact.					
Manager:	Phone number:				
Email Address:	Fax number:				
Other contacts					
(please include titles):					
D) Person(s) responsible for r	ecordkeeping and the location where required records are kept.				
Name (Record Keeper) Primary:					
Name(s) (Record Keeper) Additiona	1:				
Location (where records are kept):					
If records are kept at a location different from the site of the stationary source, list address:					

Part (2). (A) Description of the nature, location, design capacity, production capacity, production rates, fuels, fuel use, raw materials, and typical operating schedules to the extent needed to determine or regulate emissions; (B) Specification and drawings showing the design of the source and plant layout; and (C) Description of all processes and products by Standard Industrial Classification Code.

Note: Use attachments as necessary to fulfill the requirements of Part 2.

Emissions Sources / Plant Layout

Note: All emission sources/plant layout locations must be included with the plant/facility layout including design capacity, production capacity, production rates, fuels, fuel use, and raw materials. Label all attachments as "Part (2) (A) Attachment 1, Part (2) (B) Attachment 1, Part (2) (C) Attachment 1"...

Part (3). Maximum emission rates, including fugitive emissions, of all regulated and hazardous air pollutants and all air pollutants from each emission unit. Emissions rates shall be reported in pounds per hour and tons per year and in such terms necessary to establish compliance consistent with the applicable requirements and standard reference test methods. All supporting emissions calculations and assumptions shall also be provided. Hazardous Air Pollutants are listed under Section 112(b) of the Clean Air Act.

Note: Use attachments as necessary to fulfill the requirements of Part 3.							
		Maximum Emission Rates					
Source of Emission(s)	Pollutant	Pounds Per	Tons Per				
		Hour (pph)	Year (tpy)	PM – Particulate Matter			
	PM			PM ₁₀ – Particulate Matter less than 10			
	PM ₁₀			microns in size			
	PM _{2.5}			PM _{2.5} – Particulate Matter less than			
	SO _x			2.5 microns in size			
	NO ₃			SO _x – Sulfur Oxides			
	СО			NO _x – Nitrogen Oxides			
	VOC			CO – Carbon Monoxide			
	Pb			VOC – Volatile Organic Compound			
				Pb – Lead and lead compounds			
	Fluorides			Fluorides – gaseous and particulates			
	H ₂ SO ₄			H ₂ SO ₄ – Sulfuric Acid Mist H ₂ S – Hydrogen Sulfide			
	H ₂ S			TRS – Total Reduced Sulfur			
	TRS			RSC – Reduced Sulfur Compounds			
	RSC			NSC – Neudceu Sundi Compounds			
Fugitive Emissions							

Part (4). Identification and detailed description of air pollution control equipment and compliance monitoring devices or activities as planned by the owner or operator of the source, and to the extent of available information, an estimate of emissions before and after controls.

Note: Use attachments as necessary to fulfill the requirements of Part 4.

Part (5). Current operational limitations or work practices, or for air pollution emission sources that have not yet begun operations, such limitations or practices which the owner or operator of the source plans to implement that affect emissions of any regulated or hazardous air pollutants at the source:

Note: Use attachments as necessary to fulfill the requirements of Part 5.

Part (6). All calculations and assumptions upon which parts (2), (4) and (5) of this application are based:

Note: Use attachments as necessary to fulfill the requirements of Part 6.

Note: The following information must be provided in order to complete this application. Please reference all attachments submitted by listing the relevant Part Number from the application forms.

Part (7). A copy of all air pollution permits issued by the Bureau of Environmental and Coastal Quality (BECQ) or United States Environmental Protection Agency (USEPA) to the applicant.

Part (8). A compliance plan pursuant to NMIAC 65-10-806.

Part (9). Citation and description of all applicable requirements, a description of or reference to any applicable test method for determine compliance with each applicable requirement, and an explanation of all proposed exemptions from any applicable requirement.

Part (10). If requested by the Administrator, the following information must also be included:

- (A) A risk assessment of the air quality related impacts caused by the source or modification to the surrounding environment.
- (B) Results of source emission testing, ambient air quality monitoring, or both.
- (C) Information on other available control technologies.
- (D) Other information deemed necessary to make a decision on the application or needed to implement and enforce other applicable requirements of the Clean Air Act or these Standards and Regulations, or to determine the applicability of such requirements.
- (E) For new sources and modifications which increase emissions of any air pollutant or result in the emission of any air pollutant not previously emitted, an assessment of the ambient air quality impact of the new source or modification, with the inclusion of any applicable air quality background data. The assessment shall include all supporting data, calculations and assumptions, and a comparison with the NAAQS.

Part (11). Certification by a responsible official as to the truth, accuracy, and completeness of all submitted documents.

I certify under penalty of law that this document and attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering and evaluating the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Name of Responsible Official (Print): _____
